

SIJRA Minutes 6-6-25

8:16pm at the SIJRA arena. Jon Pankey, Kyle Reiter, Emily Gibson, Liz Losson, Tonya McLoed, Travis Wesner, Megan Witten & Cody Manning were in attendance.

Contestant meeting in the morning: hat rule, hats have come off in the alleyway and people are wondering if that is still 10 seconds. It is decided that if you lose your hat before the timer starts, you can pick it up before crossing the timer. This adheres to having "full western attire" on inside the arena timer. 10 second penalty if it comes off, same with back number.

The dummy events are moved to begin after K12 goat flank.

Catching horses and taking them out the back gate during goat tie was decided on by Jon & Colt.

For the roping events, stock can be pushed to stripping chute and pushed out the back gate.

New loading gate for Colt at stock loading entrance was made by Midwest Rancher/Dill Wittymore and paid for by the safety paneling grant that was awarded to SIJRA last year.

Volunteers are needed and awarded, Jon will touch on this at the contestant meeting.

Jon is working on the new timer and is going to connect a new eye to the timer and see if there are connection issues.

The EMT may be late but AJ is able to cover until he gets there in the morning.

Macy Preston & Landon Cartinhour expressed interest in the arena director position and Landon will be covering for Maecy Condra tomorrow so she can leave for a barrel race.
