The Southern Indiana Junior Rodeo Association, Inc. (SIJRA) was established as a 501(c)(3) non-profit organization in 1996 to preserve and promote the sport of rodeo for children in Indiana and surrounding states. The founders wanted to create an association providing a competitive environment in which instruction would be a vital part of each and every event.

The SIJRA promotes the building of character and sportsmanship in our young cowboys and cowgirls. Responsibility, cooperation, good conduct and positive attitudes are life skills that our children develop enabling them to become outgoing and productive members of their communities.

The Kalmbach Arena, home of the SIJRA, is located on SR 56, 10 minutes west of Salem, IN.

Awards and Points

1. In unisex events, boys and girls are scored together.
2. A 10-point system will be used, and the top ten places in each event will earn or be awarded points.
3. In Team Roping, points will be awarded to the Header and the Heeler. The Header for the team with the quickest time for each rodeo will be awarded 10 points; the heeler for the team with the quickest time for each rodeo will be awarded 10 points. Heading and Heeling will be considered separate events for Year-End awards, but will be tracked as Team Roping in a contestant's All-Around total. A team may be composed of 2 boys, 2 girls or 1 boy and 1 girl. Contestant must indicate partner during entry and indicate which member of team is heading and heeling.
4. If a Team Roping contestant enters without a partner, he or she must designate themselves as a header or a heeler and may request that a partner be drawn for them from a list of other contestants entered without partners. This option is available only 3 times per year. After the contestants without partners are matched, those remaining contestants entered without a partner will have a partner drawn from a volunteer list of already entered contestants. The drawn partner, who already has entered with a partner, may NOT earn points from this run towards their All-Around total. A volunteer can only be drawn 1 time per rodeo.
5. A participant may step up to a higher age group to compete in an event not available in their age group. No step up will be allowed in rough stock events. The participant will earn points in this event, but these points will not be counted toward the All-Around Championship.
6. To determine year-end standings in each Event, the Rodeo Secretary will use a contestant's best five (5) scores in each event to determine final point standings.
7. All-Around Champion will be awarded to one boy and one girl in each of the three age groups. The contestant's best five (5) events will be used to determine the All-Around Championship. The events must be those events in their age group and cannot include any events in which the participant is stepping up to a higher age group to compete. Contestant must compete in a minimum of two (2) events for the All-Around Competition.

8. If a contestant should win All-Around Champion they will be given the *option* to receive, in lieu of buckles and other prizes (excluding the All-Around buckle), that same value in the form of gift certificates to apply toward an SIJRA trophy saddle. The type, specifications of the saddle, and saddle supplier will be determined by the board to insure quality and the desired look to represent this association. If the cost of such a saddle is more than the value of the buckles and prizes, the child's parents must agree to add additional money to cover the remaining cost of the saddle (to be paid before ordering). The saddle option is only available to the All-Around Champion of each division.
9. Rookie of the year will be awarded to the highest boy and highest girl in each of the three age groups. To qualify for Rookie of the Year, it must be the participant's first year participating in the Association. To determine year-end Rookie of the Year standings, the Rodeo Association Secretary will use a contestant's best five (5) events to determine final point standings.
10. For year-end awards, more than one participant will not be awarded the same place in an event or any other standing (no ties). To resolve situations where two participants may end the year with the same total score in an event, All-Around, or Rookie of the Year, the determination will be based on the best average in the particular event/events.
11. Points from each event will be published on the website following that rodeo. Any dispute or disagreement with points must be protested and brought to the attention of the Association Secretary within 5 days of the points being published. If there are no protests to points within 5 days, all points will be final on the 6th day after being published.
12. For point protests, the Secretary will review and discuss with the appropriate Officers, Board Members, or rodeo committee member to review the situation. The determination made by the Secretary will be final, and all point protests must be settled, and points final within 30 days of being published.
